PROFILE

Hi, my name is Justin HURSON, and I am a college student in the second year of a computer science bachelor. I am currently looking for an internship abroad, especially in the US.

In my free time, I create games in Unity and do digital art.

WORK EXPERIENCE

Auchan lac (Bordeaux)

2023 - two months

Store employee

- Getting familiar with the world of work
- Understanding and answering client's requests
- Being part of a small team
- using some software package

Leclerc Culture (Bergerac)

2019 - 1 week

Internship

- First time seeing how the world of work functions
- managing clients

IT RELATED SKILLS

- Managing group projects (cooperating in a team, using Git efficiently)
- Ability to learn by myself (self-taught on how to code in C#, using Unity, modeling with Blender)
- Generally good coding skills
- Skills with modeling and designing tools (Aseprite, Blender, Photoshop, Gimp, ...)
- High frequency of OOP projects
